Dear Planning Board-

I have lived in East Cambridge for 19 years and have grown to abhor this monstrosity. It makes me go out of my way to avoid walking past it because of the horrendous wind, even in Summer! It has caused me to skip offers on two separate abutting properties because of its giant shadow and aesthetics. Parking is already tough, especially for those of us that have small children, and availability would likely deteriorate if high-density commercial development is allowed.

Please, please do your part to help fix the negative impact it has on us. Residents in this area have tolerated enough on account of the Alexandria development recently.

Thank you for your service and for reading!
