As a lifelong Cambridge resident, I ask you please don't let some sleazebag private developer turn the old courthouse into a private commercial enterprise that doesn't give a damn about the residents of the neighborhood, the parking and pollution problems it will cause and has zero interest in the community except the bottom line of their profit margin pure and simple.

Capitalism is a very easy system to understand. Whatever they are offering for the space it is because they know it is worth ten times that amount. Don't be duped.

Thank you,
