**Subject:** Re application #288

Please deny Special Permit application #288.

The plan for the Sullivan Courthouse building sought by the developer in application #288 will put great stress on the residential and commercial inhabitants of the extended East Cambridge community. The height, density, and number of occupants sought in the plans for the building are far too great for that site. And the additional cars needing parking will be more than the neighborhood can bear. The negative impact would be felt by all of us who live in the vicinity.

Thank you!
